TRIDENT SAFE SIGNAL TRIDENT™ SAFE SIGNAL™ MAGNETIC GATE LATCH FOR WOOD, VINYL, AND METAL APPLICATIONS

Elevate your gate safety to a NEW standard with the Trident™ Safe Signal™ by Nationwide Industries®.

Crafted for excellence, this innovative latch is your ultimate solution for ensuring the security of your pool area while seamlessly blending style and functionality.

Featuring an electronic alarm system, the Trident™ Safe Signal™ triggers lights and sounds the moment the gate is left open for more than fifteen seconds. Experience peace of mind knowing that you'll be notified, allowing you to take prompt action and keep your pool area secure. Illuminate Safety, Amplify Awareness with Trident™ Safe Signal™.

- Audio alarms if gate is left unlatched for more than 15 seconds
- Flashing LED lights provide visual warning of unlatched gate
- Easy installation without the need of special tools
- Fits all square post applications

TRIDENT™
SAFE SIGNAL™
BY NATIONWIDE INDUSTRIES®

Nationwide Industries® Enhances Pool Safety with the Launch of the Trident Safe Signal Magnetic Latch

DALLAS (January 22, 2024) – Nationwide Industries® is enhancing pool safety and giving homeowners peace of mind with the introduction of its new Trident™ Safe Signal™ Magnetic Latch. This advanced latch addresses the most pressing pool safety concerns.

The Trident Safe Signal Magnetic Latch features an audible alarm and eye-catching blue LED lights that flash with 360-degree visibility if a gate is left unlatched for more than 15 seconds. These features help ensure that pool safety is maintained even in low-light conditions and help prevent accidental pool access, especially by young children.

"Research shows the most critical moments in pool safety occur in the minutes after a gate is left open," explains David Lord, senior product manager at Nationwide Industries. "The Trident Safe Signal Magnetic Latch is our response to this challenge. It combines an intuitive design with advanced safety features, making it an essential tool for any pool owner."

In addition to its safety features, the Trident Safe Signal Magnetic Latch is easy to install, fitting seamlessly onto any square post for wood, vinyl, or metal gates. The latch can also be installed on round posts with the round-post adapter by Nationwide Industries. This versatility ensures that the product can be utilized in a wide range of settings, from residential homes to public pools.

Nationwide Industries will showcase the Trident Safe Signal Magnetic Latch at FENCETECH in Nashville, January 2024, and the International Builders Show in Las Vegas, February 2024.

For more information about the Trident Safe Signal Magnetic Latch, visit [The Nationwide Industries website](https://www.nationwideindustries.com).
